Scholarship Tender

Full Scholarships for the Qualification as a Meat Technician in Kulmbach (Germany)

Dear Sirs and Madames,

the open Europe offers many opportunities - also for professionals in the meat industry. It is important to our foundation to open up perspectives for young people. This is why we are awarding full scholarships to trained butchers or people who have been working in the meat industry for at least five years.

The two-year training takes place at the state-approved technical college for food technology (www.LEMITEC.de). You can sharpen your professional profile in the field of meat technology. We are looking forward to your application!

Yours sincerely

Profile & Perspectives

You will be prepared for responsible entrepreneurial positions in the meat industry. You will not only gain far-reaching perspectives in middle to upper production management, but also in the supplier industry and in mechanical engineering.

Training contents

Compulsory subjects:
German, English, Mathematics, Economics & Social Studies, Production Engineering, Food Chemistry, Raw Materials & Sensors, Meat Processing Technology, Microbiology, Information Technology, Business Administration, Food Law, Industrial Psychology

Elective subjects:

Your Application

Our full scholarships are aimed at trained butchers or professionals with at least five years' experience in the meat industry. A residence permit valid for the duration of the training may be required.

Please send your CV and a short letter of motivation in German or English by e-mail to info@raps-stiftung.de
